

PrintIQ™

Auto Toner Replenishment Program

*“Never run out of toner again—the Auto Toner Replenishment Program is FREE!**”

Toner when you need it – Just In Time!

- FREE* toner inventory management
- Automatic toner ordering and delivery
- Improved printer up-time and efficiency
- Multiple toner brands available

How it works

Secure software, specifically designed for toner monitoring, is quickly and easily self-installed to your network to accurately monitor toner usage. When supplies run low, an electronic message will be sent through a secure network, to ship your toner automatically.

Benefits

- Accurate ordering
- No contract needed
- No rush orders and overnight shipping costs
- No need to keep excess inventory in house
- Centralized billing

Plus!

Free ink and toner cartridge recycling with your PrintIQ Auto Toner Replenishment service.
